ActiCuf™

FREEDOM EVERY DAY

The breakthrough ActiCuf™ product is a disposable, undetectable pouch designed to help men treat and manage light to moderate urinary incontinence. When placed on the penis, the padded closure gently presses down on the urethra to control urinary flow. Any leakage is immediately absorbed by the ActiCuf product, so you can take charge of your day and enjoy life on your terms...it's a new way of life.

The ActiCuf™ Disposable Pouch is so discreet that it's virtually undetectable under clothing. And its sleek, portable design makes using public urinals a worry-free experience. Removing and replacing it is fast and easy.

PADDED CLOSURE
COMFORTABLY PREVENTS LEAKAGE

HERE'S HOW TO USE:

- 1 Hold the ActiCuf product with your thumb and forefinger.
- 2 Squeeze the ActiCuf product until the end is completely open and round in shape. Insert penis as far as possible into the opening of the device.
- 3 Release pressure so the ActiCuf product fits snugly around the penis. Adjust it as necessary to achieve the greatest comfort and ultimate leakage protection.
- 4 Using public urinals is convenient again; simply remove by:
 - Squeezing the shaft of the penis to stop urinary flow.
 - Remove the ActiCuf product to urinate
 - Replace the ActiCuf product by repeating Steps 1-3 above.

TIP: Although the ActiCuf product is engineered for the greatest ease of use, it's not uncommon for accidents to occur. Keep an extra ActiCuf product close at hand in case of sudden leaks — just until you learn to remove and replace it.
